**MAZZINI MARINELLI PALACE, VIA SACCHI 3. "CASA DELLA MUSICA",
EXTRAORDINARY MAINTENANCE INTERVENTION FOR ENERGY EFFICIENCY**

OBJECTIVES

The Municipality of Cesena is planning to redevelop the Palace, now in disuse, to become the seat of the city's Music School.

The intervention includes seismic safety and functional adaptation works as well as energy efficiency works.

The aim is to improve the internal comfort of the premises from a thermal and acoustic point of view and to achieve energy savings.

ACTIONS

The energy requalification project concerns:

- the replacement of the current heating system with a new heat pump system;
- the replacement of a part of the existing windows with windows having total transmittance $U_w < 1.2 \text{ W / m}^2\text{K}$;
- attic insulation;
- the redevelopment of lighting with LED bodies.

EXPECTED RESULTS

The main renovation results will be a consistent energy saving of the building envelope, improvement of energy performance, greater internal comfort, detachment from the gas network, temperature regulation for sectors and individual rooms.
