**European Regional
Development Fund
Regional Operational
Programme Emilia-
Romagna 2014-2020**

**Axis 4 – Priority of
Investment "4C" –
Specific Objective 4.1
Actions 4.1.1 and 4.1.2**

Project of refurbishing and refunctionalization of the "Ex Tribunale" building to become the "new headquarters of Municipal Police"

OBJECTIVES

The purpose of the project is to update the ex Court Building and make it suitable to host the new headquarters of the Municipal Police. To meet the minimum seismic requirements it is necessary a renovation of the structural safety of the building.

Energy-saving interventions will be done in the building, among other retrofitting measures such as: replacement of the existing window frames with better energy performance ones.

Energy efficiency measures are realized as an added value to the building adaptation needs for the new use, in order to achieve a high level of energy saving.

EXPECTED RESULTS

The main result of the project will be a full recovery and a reutilization of the building Ex-Tribunale, including works of seismic improvement and energy efficiency, to be destined for the new headquarters of the Municipal Police.

ACTIONS

The energy efficiency improvement will be achieved through the following interventions:

- insulation of flat roofs from outside;
- replacement of the existing window frames with others with better energy performance.

Further actions will be realized for the energy refurbishing of the building, which will not be the subject to contribution, among which:

- Insulation of external opaque structures from the outside with thicknesses that do not interfere with the recognizability of the characteristic elements of the building;
- Installation of new interior windows for a more efficient partitioning of the heated/cooled areas;
- Installation of solar thermal system for the production of hot water;
